16x32	\$295	\$365	\$395	\$655
24x48	\$495	\$565	\$645	\$1095

Print Only

Will be printed on Ilford Gold Fibre Silk paper with an Epson 7900 or Epson 9900 printer. When properly mounted and displayed out of direct sun these prints are expected to resist fading for many decades.

Mounted Print

The printed image will be mounted on 3/16" gatorboard or 1/4" MDF board.

Mount with Laminate

A 5-mil crystal laminate surface will be applied to the mounted print. This laminate protects the print and resists UV rays providing additional resistance to fading.

Fully Framed

A high quality wood frame will be used to professionally frame the prints that have been mounted and laminated. With many of the prints I like to use a gold or silver filet inside the wood frame, on other prints I like to use a linen liner inside the wood frame. Please call to discuss framing options; I can email pictures of the various framing woods and finished products.

Contact Information

Please call 303-741-5493 or email at marvmick@mac.com to arrange for purchasing and to discuss sales tax and shipping costs. Colorado residents will need to add sales tax.
